

ANIMAL MASSAGE

Taught by Lola Michelin
at Julie's Massage Therapy 530-671-6300

This class is 150 hours. Most of the class is completed on-line, and the remaining 40 hours will be hands-on, taught by an experienced teacher from Washington. The small animals hands-on portion is taught at Julie's Massage Therapy in Yuba City, on 1393 Gray Ave. The large animals will also be taught at Julie's Massage and we will travel to an offsite location not far from the school to do the actual hands on for the larger animals. The price of these classes are, \$2000 for each class. You can get your application for these classes either at Julie's Massage Therapy or on-line at info@nwsam.com. If you apply on-line please put (Julie's Massage Therapy) next to your name, so we will know how many students we have for the classes in Northern Calif. If you have any questions please call Julie at 530-671-6300.

Due to the cost of this class, there is a financing program available. Both pets and performance animals experience soft-tissue damage in their daily lives just as humans do.

Therapeutic massage provides significant relief, stimulates healing, and promotes stress reduction. Other benefits include enhancing performance by increasing range of motion, maintaining muscle tone and joint flexibility, increasing blood and lymph circulation, increasing oxygen to reduce muscle spasms, flushing toxins from muscles and joints, improving disposition, preventing injuries, stimulating areas affected and also relieving discomfort from arthritis.
